

The QC-Track® **mammography solution** is a set of software modules to :

- Track mammography device quality control
- Track MQSA/ACR CMEs, CEUs and Exams
- Track and manage FDA EQUIP questions 1, 2, and 3, including an LIP Desktop for review
- Generate PDF Inspection Packages at any time
- Centrally store QC data and documents

Paperless QC™

Always Inspection Ready™

CENTRALIZED

- All QC data , including Credentials, is stored centrally
- Oversee QC at remote sites
- Centralize LIP and QC/QA Review and signoff

STRUCTURED

- Schedule standardized QC workflows per Manufacturer or ACR requirements
- Designed so that QC team members get the tests they need, when they need them, and nothing falls through the cracks
- Ensure best practices at all times

VISIBLE

- Easily track what is due and when
- Track status across locations
- Stay informed with automatic emails for any QC situation, including credential renewals

EFFICIENT

- Reduce daily QC Time by 50%
- Reduce on-site inspection time by 40%
- Cut down on site-to-site driving by 50%
- Nearly eliminate inspection prep

Tomosynthesis | 2D Mammography | Contrast-Enhanced Mammography | Stereotactic Breast Biopsy | Breast Ultrasound | Breast MRI

Paper Can't Keep Up

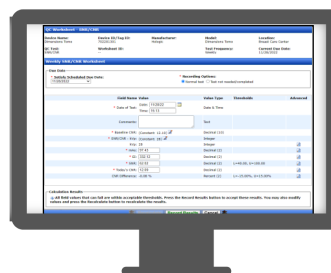

Staffing shortages make it even harder to stay ahead

Simplify Compliance

The QC-Track paperless approach to MQSA QC simplifies compliance, guides QC workflows, and improves QC communications. The result?

Always Inspection Ready™

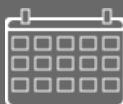

Modules are available for complete ACR/ MQSA/FDA EQUIP solutions

Credentials

Specialty-MG

- Track credentials, credits, exams, and documents
- Supports rolling window and point-in-time tracking of CEUs, CMEs, and exams
- Detailed credential reports by individual or department, with documents
- Automatic email reminders for renewals and alerts for expirations

Planner

Event Tracking

- Track device events such as physicist surveys and service calls
- Track location events such as MQSA inspections and LIP signoffs
- Have the complete QC story for your inspectors

Upgrade to Enterprise

Atirix offers QC-Track Modules for all diagnostic imaging modalities. Whether it is ACR, TJC, DNV, AAPM, AIUM, or state requirements, your entire imaging team can be Always Inspection Ready™.
